ACTIVITIES OF THE MONTH

1. **TEACHERS DAY (5th SEP 2022)**

Teachers' Day Celebration was on 5 / 9 / 22. "The best teachers teach from the heart, not from the book" On our teacher's day STD VIII students took the class pre-primary section and recollected the teachers' contributions in shaping their lives and thus creating the new society. Students were given gifts as a token of appreciation.

Yellow DAY & Onam Celebration (7/ 9/ 2022)

This year Pre-Primary wings celebrated Onam and Yellow day held on 7th September 2022. Students and teachers made Rangoli with fresh flowers. Onam-related charts were displayed. The story of Onam was narrated to the children. As a part of Onam, teachers played Thiruvathira.

Shades of yellow stimulate our little ones with optimism, happiness and energy. Living and Non-living was the theme for the Yellow Day. The best two well-dressed children in yellow were given gifts.

Class activities carried out:

Nur- Fingerprint on Bag, Clay sticking on the cup, Sun

JR- Butter, Cheese, Pen, Book, Umbrella

SR- Frock, Eraser, Cap

Memory Game Competition (17/9/2022)

Children can nurture their imagination through games and play. It improves their ability to listen as well as develop important cognitive skills that will aid their future development. Memory games are a vital part of developing cognitive skills.

Different objects were displayed by teachers on the table. Children were asked to see and memorize the objects displayed. After a few minutes, the objects were removed. Children were called individually and asked to name the displayed objects. The child who spoke the maximum number was considered a winner.

Education Trip- Sundarvan

Leaving the classroom for a field trip, students experience a different social environment. It awakens students' interest to learn and get new learning information. Children were taken to Sundarvan. They enjoyed nature and different types of animals and plants. They had their snacks. They were given food packets as a takeaway at the time of dispersal

Vehicle Day (28/ 9/ 2022)

Row row,row your boat.... and wheels on the bus...

Children were shown presentations of land vehicles from single-wheel unicycles to Trucks. Later they were introduced to the concept of Railways, a concept with traffic signal rules. Water transport was introduced with a bowl of water and a boat, with the teacher singing " row.. your boat ". Teachers recapitulated the land and water transport before they introduced air transport. Children saw different air vehicles. Finally,Vehicle's day sailed smoothly.

Story Telling-Greedy Dog

Stories are very powerful as they can teach moral values, entertain and educate. It improves reading skills and opens the minds of children to a world beyond imagination. Teachers narrated the story of "The Greedy dog" using puppets and suitable voice modulation. Children rendered the story along with the teacher. **We should not be greedy...** was the moral taught to the children.

Science Experiment – Air occupies space, Colour Magic

It is always believed that children learn concepts faster through visualization. Some of the concepts are taught to children through experimental methods. The concept of Air occupying space was taught to children by using balloons and matchboxes.

Some very unusual things happen when you mix a little milk and food coloring. This magic amazes the nursery kids

Craft

To develop fine motor skills and those children learn to form different objects by folding marble paper origami activities are carried out in the class. The origami of the puppy face and boat

First Term Revision Test

First Term Revision Test was conducted in all the sections from September 6, 2022. The result was declared on 24th September 2022.

Birthday celebrations

A kid's birthday is one of their favourite days of the year!

It's their day to shine in front of all their friends and classmates

ACTIVITIES OF THE MONTH

Garba Competition (1/10/2022)

Navratri is a nine-day-long festival dedicated to the mother goddess Durga. The pre-primary class celebrated with great spiritual enthusiasm and fun. Faculty and staff members were invited. The celebration started by offering prayers to Goddess Nava Durga. Thereafter along with the beats of Garba songs students along with their class teachers did the Garba. Prizes and certificates were given to the best costume and performer.

Domestic and wild animal day celebration

Students celebrated 15th Oct as animals day. The day was celebrated to create awareness about animal welfare and protection, students dressed as different animals like lions, elephants, monkeys, etc., did different activities about the animal they were dressed as. They spoke about the animal and enacted it by impersonating their animals. They also sang songs and recited rhymes related to animals. The activity room was decorated with charts. All class did different animal painting/ crayoning on themes as a class activity. The best-dressed children were given gifts. The different categories of animals, their young ones, homes, food, and how they help us were explained to children through cutouts and flash cards.

Pink Day celebration

Pink is a nurturing, playful, and nostalgic color that takes people back to their childhood. The pre-primary section celebrated pink day with great joy. It was wonderful to see our children bloom and blossom in different shades of pink. The young ones came dressed in pink color and brought pink colored toys. All the pink colour objects were displayed in the activity room. Bulletin board walls were decorated with posters depicting the impact of pink colour in our lives. Teachers explained how to make pink colour mixing out of red and white colour. Thus the purpose of the celebration of the pink colour day was fulfilled.

Drawing competition

Every child is an artist. The aim of the drawing competition is to engage children in a creative exercise to identify their hopes and dreams for the future. Topics were given to students. The best two were selected and given a certificate

Story Telling- Grapes

Stories teach us about life, Storytelling is a unique way for students to develop an understanding, respect, and appreciation...

The story of the 'Lion and the mouse' and 'The Fox and the Grapes' was narrated using puppets. Children rendered the story along with the teacher. Teachers narrated the story through voice modulation. Teachers used props relating to the story.

Science Experiment

Kids learn by doing. Hands-on science encourages the children to do something- observe, ask questions, touch, smell, and experiment. The concept of 'Air is needed for Combustion' was taught to the children by candle and glass

Diwali celebration

Diwali the festival of light began with a prayer to the almighty and a lovely idea that brought peace and love into hearts and thoughts. Activity areas and corridors were decorated with wall hangings and festoons. Many activities were held in school. children painted diya and made paper lanterns and rangoli. At the end of the celebration gift was distributed to all the kids." Celebrate pollution-free Diwali and say no to crackers".

Craft

To develop fine motor skills the origami activity is carried out in the class. Lantern (All sections)

Birthday celebrations Birthdays are celebrated every month by giving the birthday cards and singing birthday song.

SHREE NARAYANA PRE-PRIMARY SECTION
ENGLISH MEDIUM
REPORT FOR THE MONTH
November – 2022-23

Children's Day celebration	-	14/11/22
Purple Day	-	16/11/22
Science experiment	-	Float and sink, Air occupies space
Activities Craft	-	Pen stand
Sports Day		
Storytelling	-	Two little cats and monkey, Lion and the mouse

Children day celebration

Children are like buds in a garden and should be carefully and lovingly nurtured, as they are the future of the nation and citizens of tomorrow. The day focused on children and their enjoyment. The celebration began with welcoming the children to their loving teachers. Further teachers made the day more special for their children by organizing a variety of fun-filled activities like games and dance Masti.

Purple Day

We love purple, we love purple yes we do... Purple is a colour that symbolizes compassion, creativity dignity, and royalty. Students did sponge dabbling on brinjal, crayoning, and paper crumbling. Tear and paste. Children brought many purple-colored objects such as toys, fruits, vegetables, etc. colour recognition was done by displaying these items and encouraging children to speak a few sentences on each object. It turned out to be a remarkable day filled with fun and enthusiasm

Science Experiments

Float and sink Air occupies space was the subject for this month. nursery children will love this hands-on sink or float science activity! Play with water and learn all about the density of objects at the same time. Air occupies space described by a matchbox and a balloon.

Sports day

It is one of the most loved events of the year. Sports day helped children explore their hidden sports interests. It was a day filled with sportsmanship. Teachers gave practices of different games and taught the rules. Teachers were alert that everyone should have a chance to play. Pick and run and musical chair for Nursery, Balancing the object, and Langadi for Jr. KG. Sack race, and lemon spoon for Sr.KG.

Craft

To develop the fine motor skill, origami activity is being done every month. This month the origami activity of pen stand was made by the students.

Storytelling

A popular story where a lion becomes friends with a mouse. That conveys an underlying message that mercy reaps its reward in due... Slow and steady wins the race. Hare and the tortoise most loved story for kids. Teachers narrated the stories with puppets and suitable voice modulation. Two little cats and monkey enacted by children

Birthday celebration

Birthday is a great day for each and every child.
